

LANCING COLLEGE

CO-CURRICULUM HANDBOOK SUMMER 2020

A WHOLE NEW WORLD

Dear Pupils,

As you know, we are in the midst of an unprecedented global situation. Everyone is facing challenges of some sort or another and we at Lancing are no different. However, that is not to say that we should stop doing what we normally try to do, and that is provide you with as many opportunities as we can. Staff here have been working hard to continue the academic curriculum with distance learning and they are keen to do the same in the co-curricular as well.

This handbook therefore sets out for you what we are offering next term in term of enrichment, extension, challenges and – perhaps – new experiences. There are even some **new competitions** to try your hand at as well.

Contrary to the normal routine, there are **no expectations** so sign up to anything you want. Naturally we want you to engage as much as you would normally but, given the nature of where we all are, we know that that might not be possible.

The list below includes the following information:

1. The activity / competition
2. Member of staff in charge
3. What it is about
4. Who it is open to
5. How to get involved

Now more than ever it is important to keep in touch, keep engaged and keep making the most of the expertise and experience of our staff. Some activities are ones you've seen before, some are new. Some might even not be on here as staff are contacting you directly.

We are, therefore, offering you a menu of activities and competitions that you can choose or not choose. The choice is yours. You may even decide to just try your hand at something yourselves via the cornucopia of videos and tutorials on YouTube. The only thing I ask is that you **let your HMM and tutor** know when you next catch up with them what you are doing so that they are aware and can talk to you about it.

Enjoy the term ahead. I know it might feel odd continuing as we are from wherever you are but remember that we are always here should you need. The College building may be closed but the community will stay as strong as ever.

Best wishes,

Mr Eustace
Assistant Head (Co-Curricular)

ELECTRONICS

Build circuits based on the Arduino programable chip, no soldering needed. The software is open source and there is a large community online with lots of project ideas.

For new members we will work through a series of projects that you will build at home and you will learn some coding. You will be encouraged to extend each project and share ideas. More experienced members can take an open-ended direction and support each other. If you do DofE then you will be able to use electronics as one of your skills.

You will need access to a PC and you will also need to purchase an Arduino kit. The recommended kit is the Elegoo Arduino R3 super starter kit which generally retails at about £35 from Amazon.

For full details email me djc@lancing.org.uk

There is also going to be a weekly challenge set by Rapid Electronics which I think will be largely programming based. These could be fun and won't require any kit.

PSYCHOLOGY - research on Corona Virus

This project presents an excellent opportunity to produce a piece of psychological research related to the corona virus. The purpose of this project is to allow you to research the psychological impacts of the restriction to our everyday lives. This puts you in the shoes of professors and researchers around the world in designing a valid and credible study to investigate the psychological response to the corona virus during this unprecedented time. This research is useful for your continued learning and it would also be a piece of work that will stand out on personal statements for UCAS applications. The goal is to produce a quality piece of research (experiment, Self-report or content analysis), with weekly check-ins with me in order to ensure that the work is heading in the right direction.

VIRTUAL ArtClub

The Art School would like you to join us on our mission to unleash our collective creativity and unite the Lancing College community through art. We have launched an online gallery on Instagram using the hashtag #LancingCollegeArtClub and we invite you to publish the artworks you have been creating during isolation here. This invite extends to any member of your household including your parents and siblings (whether they are a Lancing student or not). Anything goes, so now is your opportunity to get involved and produce visual representations of what you are thinking, feeling and experiencing in isolation, as we live through this unique term. The only rule of the club is that you enter one piece of work a week so select carefully. Each week '**Works of the Week**' will be selected and the creators of these pieces will be invited to exhibit them in reception once the College is fully open again.

Staff	Mrs Blundell (kjb@lancing.org.uk)
Open to	All (including <u>ANY</u> member of your household)
How to get involved	Upload one piece of your isolation artwork (not classwork) per person per household a week on Instagram using the hashtag #LancingCollegeArtClub if your Instagram account is private you will need to create a separate account just for your artwork otherwise it will not be visible to others in the ArtClub.

COMPETITIONS

Below is a timeline of the competitions on offer this term:

Full details for each competition are overleaf.

[Note:- any times given below are UK time]

CHICHESTER FILM

As part of Chichester Festival Theatre's response to the pandemic lockdown, they are running a competition every week to submit a script to their weekly play writing competition.

Simply visit their site (URL below) on a Monday morning for the brief, work on your script during the week and upload your manuscript (max 10 pages) by Friday at 6.00pm.

Support from Mr Beeby via email during the week.

Staff	Mr Beeby (nddb@lancing.org.uk)
Open to	All
Competition starts	Every Monday
Competition deadline	Every Friday at 6pm
How to enter	Visit https://www.cft.org.uk/prologue/blog/five-day-play

ENSEMBLE CHALLENGE (MUSIC)

Put together a vocal or instrumental ensemble to make an audio or split-screen video recording and record remotely. The Music Department will award a prize for the most musically successful ensemble and the best submissions will be included in the online Summer Concert.

Staff	Mr Mason (aem@lancing.org.uk)
Open to	All
Competition starts	Tuesday 21 April
Competition deadline	Monday 22 June at 6pm
How to enter	Just go for it and submit your entry by the deadline. Email Mr Mason if you have any questions.

GEOGRAPHY:- Royal Geographical Society 'Young Geographer of the Year' competition: 'The World beyond my window'.

A national competition that requires students in Third to Fifth Form to create an A3 poster to explore the geography outside their window (wherever they are!) More details to follow, and on the Royal Geographical Society website.

Staff	Dr Bustin (rcb@lancing.org.uk). Judging will be done by Mr Grime.
Open to	Pupils in Third, Fourth + Fifth Form. Prizes per year group.
Competition starts	Monday 11 May
Competition deadline	Friday 5 June at 6pm
How to enter	Just go for it and submit your entry by the deadline. Email Dr Bustin if you have any questions.

HOME MOVIE

With modern technology, turning yourself into a home-Steven Spielberg has never been easier. This is a competition, open to all, to produce a film for judging at the end of term.

You will need to script, storyboard, shoot and edit your film and submit it by 26 June. How about also composing the score for it? The film will be max. 5 minutes long and the content is up to you. Keep it simple however - a single idea/event and small cast (probably your own family) works best in short films.

Support and advice will be available from Mr Beeby (via email) at any point this term – by all means run your ideas by him in advance. Completed scripts will need to be submitted to Mr Beeby for approval before shooting commences.

Staff	Mr Beeby (nddb@lancing.org.uk)
