YOUR  
INCREDIBLE  
JOURNEY

# I am delighted to tell you about our Advance (Pre-Test) Programme, which has been introduced as an early route for pupils wishing to join Lancing College in 2024.

The Lancing Advance Programme is uniquely designed to let us get to know prospective pupils in the round.

We want to gauge their strengths in academic, music, sporting and other fields and to give them a real chance to shine as individuals. This will allow us to identify those with the greatest potential to excel at Lancing College.

This leaflet outlines the process for those who wish to participate in the Advance Programme.

January 2022

### ADVANCE PROGRAMME EXPERIENCE DAY

This is a day of enjoyment and participation, where your son or daughter engages in a written exercise and a range of individual and group activities with other boys and girls hoping to come to Lancing. This gives us a chance to get to know your child and gain an understanding of his or her particular talents and strengths. There is also an interview, and your child is asked to prepare a piece of work that best demonstrates his or her individual skills.

### OFFER OF A PLACE

Lancing College offers places to those children it considers will be best able to make the most of the opportunities at Lancing, and informs the prep school Heads accordingly. The offer is contingent on continued good progress and behaviour. Recognising that children develop differently, there are still opportunities for later entry to the College.
